# NEOS DIONYSUS

In *Neos Dionysus, I*, John Karneios Auletta, step into the legacy of my ancestor, Ptolemy Aulettes XII, claiming the title *Neos Dionysus*. But this isn't about thrones or ancient crowns—it's a reckoning with identity, destiny, and the chaos of creation itself.

Through wit, satire, and raw humanity, I weave a new mythology—one where fractured identities are mended, forgotten queens are resurrected, and the divine meets the mortal on equal ground. From prison walls to the streets of Alexandria, this is a story of faith, rebellion against conformity, and the pursuit of immortality through words. *Neos Dionysus* isn't just a book—it's a wild, intoxicating dance with history, myth, and the eternal question: Who dares to truly live? Are you ready to step into the frenzy?

*"A myth so raw, it demands sacrifice  
—this is not a story for the young or timid."  
"From the shadows of Ptolemaic lineage rises a new mythology."  
"An intoxicating blend of rebellion, faith, and ancient wisdom."*
